(T-5 Touchscreen controller not included with the Table Mount 2G-BM)

T-5 Table Mount 2G-BM

The dual gang table mount stand for the T-5 touchscreen controller is constructed from 16 GA (base) and 20 GA (rear cover) cold rolled steel that is powder coated using a fine-texture, semi-gloss black finish. The base includes a 1/16th" thick non-slip pad to prevent damage to table or other mounting surface.

The T-5 Table Mount can be a permanent (fixed) installation (with included screws) or movable installation, as needed.

Included in the Box
